1 System Overview

Topics covered in this chapter

◆ Before You Begin

The Odyssey® File & Serve™ system enables registered users to file documents with the court anytime, anywhere, 24 hours a day, seven days a week. This highly automated, scalable system provides clients the opportunity to transition from an inefficient, paper-based process to a streamlined, technology-based electronic filing (e-filing) system.

Before You Begin

This guide is intended for individual filers (pro se/self-represented litigants).

Before you begin, review this information to successfully operate the software.

Note: Depending on your setup, all features may not be available. As a result, your screen may vary from what is shown in this document.

System Requirements

This section describes the recommended requirements to successfully use the system:

- Browser Requirements—The system supports Chrome™; Mozilla® Firefox®; or Safari® application programs. If your browser does not meet these minimum requirements, please contact your network administrator.

Note: Internet Explorer® is not a supported browser and may not work as expected.

- Operating Systems—The system supports Microsoft® Windows®, Linux®, Chrome OS™, Android™, iOS, and OS X® desktop class operating system software.
- Minimum Hardware Requirements—The system supports the following hardware:
 - Intel® Core™ Duo processors or Advanced Micro Devices, Inc. (AMD) processors manufactured in 2012 or later
 - 2 gigabytes (GB) of random-access memory (RAM)
 - 1366 x 768 resolution screens for desktop computers, or 1280 x 720 resolution screens for mobile devices
- Recommended Hardware Requirements—Tyler recommends the following hardware:
 - Intel® Core™ i3 or AMD A6 processors with at least a 2.0 GHz clock speed
 - 4 GB of RAM
 - 1920 x 1080 resolution for both desktop computers and mobile devices
- Connection Requirements—A high-speed Internet connection is recommended.
- Document Format—Adobe® PDF is the only format allowed for attaching documents.

Page Navigation

The following section describes how to navigate the system and populate data fields throughout the filing process.

Using the Mouse

You can use the mouse to move from field to field on a page, as well as to make selections from drop-down lists in a field. When you have completed the required fields on a specified page, you can save your entries and move to the next page by clicking the navigation button in the lower right corner of the page. If you skipped a required field on that page, the system prompts you to enter data in that field before moving to the next page.

Using the Keyboard

As you complete the pages for your filing, you can navigate from one field to the next by pressing TAB. When you have completed the required fields on a specified page, you can save your entries and move to the next page by pressing TAB after the last field.

Error Messages

The system displays several error messages to alert you when you have not entered required information or you have entered invalid information.

Enter Data in Required Fields

Required fields are indicated by a red asterisk. If you have not entered information in the required fields, you will receive error messages when you try to advance to the next page.

Note: Required fields may vary in different sections.

2 E-Filing Overview

Topics covered in this chapter

◆ Filing Queue Status

This section describes the e-filing process.

Figure 2.1 – The E-Filing Process

Once a user has registered to use Odyssey® File & Serve™, he or she can electronically submit documents (referred to as “filings”) to the court. When the user submits the filing, the filing is electronically delivered to the clerk’s inbox. The clerk then reviews the filing and either accepts, rejects, or returns the filing.

If the clerk accepts the filing, the case is docketed and set to appear in the clerk’s case management system. An email is sent to the filer with the case status, along with any pertinent information regarding the case. If the option for service was selected during the filing, service is electronically sent to the contacts on the case.

If the filing is rejected, an email is sent to the filer with a reason for the rejection. In addition, a status of Rejected is displayed on the *Filing History* page.

If the filer has questions regarding the filing or case, it is recommended that the filer contact the local court.

Filing Queue Status

The filing queue status lets you know where you are in the e-filing process. The key represents the status listed for your filing.

The following filing status key table describes the status associated with each filing type.

Note: EFO – EFile Only; EFS – EfileAndServe; SO – Service Only
