2 E-Filing Overview

Topics covered in this chapter

◆ Filing Queue Status

This section describes the e-filing process.

Figure 2.1 – The E-Filing Process

Once a user has registered to use Odyssey® File & Serve™, he or she can electronically submit documents (referred to as “filings”) to the court. When the user submits the filing, the filing is electronically delivered to the clerk’s inbox. The clerk then reviews the filing and either accepts, rejects, or returns the filing.

If the clerk accepts the filing, the case is docketed and set to appear in the clerk’s case management system. An email is sent to the filer with the case status, along with any pertinent information regarding the case. If the option for service was selected during the filing, service is electronically sent to the contacts on the case.

If the filing is rejected, an email is sent to the filer with a reason for the rejection. In addition, a status of Rejected is displayed on the *Filing History* page.

If the filer has questions regarding the filing or case, it is recommended that the filer contact the local court.

Filing Queue Status

The filing queue status lets you know where you are in the e-filing process. The key represents the status listed for your filing.

The following filing status key table describes the status associated with each filing type.

Note: EFO – EFile Only; EFS – EfileAndServe; SO – Service Only

Status	Filing Type	Definition
Draft	EFO, EFS, SO	The filer has entered full or partial filing data, but has not yet submitted the filing.
Submitting	EFO, EFS, SO	The filer has submitted the filing, and all of the data is being verified.
Submitted	EFO, EFS, SO	The filing was submitted successfully and is in the Review Queue, but the clerk has not yet started the review. The filer can cancel one or more filings that are in this status.
Court Processing	EFO, EFS, SO	Some additional action needs to be taken by the court.
Under Review	EFO, EFS	A clerk reviewer has selected a filing from a queue. Note: Once a filing reaches the Under Review status, it cannot return to the Submitted status. Selecting the End Review retains the Under Review status and returns the filing to the queue.
Received	EFO, EFS	The filing has been acknowledged by the court as received, but it is not being transmitted to the case management system to become part of the court record. The filing may or may not be part of the proposed order work flow.
Accepted	EFO, EFS	The reviewer has reviewed the filing and accepted it.
Rejected	EFO, EFS	The reviewer has reviewed the filing and rejected it.
Returned	EFO, EFS	The reviewer has reviewed and returned the filing because the filer must take additional action.
Served	SO	Service Only filings are completed.

Status	Filing Type	Definition
Service Incomplete (Service Only filings)	SO	One or more servings failed; the service was incomplete. Example: The email or domain was rejected.
Canceled	EFO, EFS, SO	The filer has canceled the filing. The filer can cancel only draft and submitted filings.
Submission Failed	EFO, EFS	A file format or billing error has occurred when the filer submitted the filing. Failure specifics are available on the <i>Details</i> page, and the filer is notified of the specifics through email.
